Employment:

- Freelance 3D Artist [Freelance]
3D artist with a specialty in game art.
May 2011 to present

- Media Monks
Senior and often lead 3D artist for the Media Monks games department. Smaller projects, weeks to months, mostly client assignments. Advertising games, websites, mobiles games. Many high-profile brands.
May 2015 to December 2016

- Sanoma / Disney [Freelance]
Modeling in-game environments and the main city landscape for the title Duckworld Adventures. Deciding the environmental art style and helping plan the project for the art team.
March 2014 to May 2015

- ISOTX
Modeling units and props for the title, March of War. Helping improve the art style and art assets. Cleaning up source files and assisting with outsourcing. In general, when it came to anything that had to do with art, I was involved.
October 2012 / December 2013

- Virtual Fairground B.V.
Creating and helping with flash based, social MMO's. Mostly worked on props, items and environments. Both the art phase and editor phase (in-house flash editors). Also done minor character modeling and 3D concepts.
April 2010 / May 2011

- Flash game development [Freelance]
Creating small browser games with a team of 3 to 4 people. Selling to international flash portals.
Okt 2007 / April 2010

- Takayama Katachi Stage and Design Division B.V.
Creating a set of 3D animations for their website and helping with general 3D art for promotion materials and festivals.
Jun 2006 / Aug 2006

Education:

- 3D Motive
- CG Society Workshops
Modern Game Art: Weapons (Jonathan Rush)

- QANTM College Amsterdam
Animation major
Nov 2006 / April 2009

- Internship at DPI Animation House
3D architecture and 2D render editing.
Jan 2005 / Aug 2005

- Grafisch Lyceum Rotterdam
MBO Games & Animation
Sept 2002 / Sept 2006
